MANCHESTER, N. H., *May 27.* 1907

H. J. A. Parcell -  
Dear Sir & Co -

I have been away a few days, and found your letter Monday here, in reference to the "Ark Marvins." I wish I could get away to be with you on May 27, but cannot.

When I am in N.Y.C. (in June I hope), perhaps we can arrange to have the Ark again conferred on by me, by yourself, as a starter.

I wish you success.

I received a letter from  
Dr C. S. Clymer, Allentown, Pa.,  
for some possibly M.  
Specter brother for the  
R. C. and gave him  
my address.

He writes me he has  
sent you the "Militia  
German Evangelical", etc.  
Dr. Clymer, C O Ziberslein,  
J. R. Phelps, and others  
are endeavoring to organ-  
ize the R. C. into a College,  
and is trying the force  
of the Fraterns. and others  
who can go in the same  
time. I think he will  
call several together  
in N. Y. C. soon, perhaps  
in June. If the time he will  
let you know, or I will  
and a conference will  
be held, etc.

I am anxious to meet  
you, and review the  
situation over and  
see you and your  
books. As no doubt  
we can be of much  
help to each other  
in many ways.

I am inclined to think  
that a College would  
be a good incentive  
to the Franks so to meet  
every year, or more  
times, and see each  
other, as so much  
more can be said  
than by pen.

Shall be glad to hear  
from you any time  
Sincerely and Fraternally  
H. C. Gould
